DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group I (claims 1-15) in Paper No. 12, filed 1-27-03, is acknowledged. Claims 16-28 are withdrawn from consideration as being directed to a nonelected invention.

Information Disclosure Statement

Receipt is acknowledged of information disclosure statement (IDS), filed 12/11/01 and as Paper No. 6. The corresponding PTO Form 1449 for the IDS has been mailed along with this action.

Drawings

The corrected or substitute drawings were received on 9/24/01. These drawings are acceptable.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1636

Claim 1 is vague and indefinite in that the claim recites the limitation that the second nucleic acid construct comprises a constitutive promoter. However, the claim further stipulates that the promoter on the second nucleic acid construct is regulated by a repressor protein encoded by the first nucleic acid construct. It is unclear how the promoter on the second nucleic acid construct can be considered "constitutive" promoters when it is not constitutively active.

Claim 10 is vague and indefinite in that the metes and bounds of the term "disposed within" are unclear. This term is not clearly defined in the specification and is not commonly used in the art. It appears that the term "comprised within" would be similar in scope to "disposed within" and would be remedial.
